

Accounting Ethics

Subject: Social Studies,
Economics

Grade Level: 9-12

Concept: Economic
Concepts

Method: Problem-Based
Learning

OVERVIEW

This lesson is designed to get students thinking about the concept of business ethics, specifically in regards to accounting. Three Knowledge@Wharton articles that are appropriate for high school students have been selected to support the lesson. By working in small groups and presenting information out to the larger group, students are exposed to some of the ethical challenges that have faced the accounting industry in the U.S.
