

# What Do You Do With a Problem?

**Subject:** ELA, Social Studies

**Grade Level:** K-2

**Concept:** Entrepreneurial Process

**Method:** Design Thinking

## OVERVIEW

Read- "What Do You Do With a Problem?"- The boy runs away from a problem. Eventually, he deals with it and realizes that it isn't that bad. Discuss different problems other students might have and how they deal with it. The next day, choose a problem together that the class can solve by going through the Design Thinking Process.

**Connection to Entrepreneurship:** Students will identify problems and solve them by moving through the Design Process.
