

Dear [Principal/Administrator Name],

I am writing to request approval to join the EntreEd Membership Portal, an online community of practice for K-12 educators interested in advancing their pedagogy by infusing entrepreneurship in the classroom.

EntreEd provides a strong collective network for entrepreneurial educators to support entrepreneurial programming, initiatives, and a rich array of professional development options, resources, events, and networking opportunities. Through my membership, I'll be able to help **launch** new initiatives at our school by:

- Learning through on-demand professional development via full access to EntreEd Academy's training programs, and a discounted rate to their annual EntreEd Forum.
- Advocating for entrepreneurship education within our building, the district, and our region by joining the EntreEd Ambassador initiative.
- Utilizing premium resources developed by EntreEd and EntreEd Affiliates to implement new and engaging entrepreneurship programming for my students and our school community.
- Networking with entrepreneurship education experts, educational support organizations, and like-minded colleagues to forge strong connections in the entrepreneurial education landscape.
- Collaborate on exclusive grant opportunities to fund impactful entrepreneurship projects in our local community, state, and the larger entrepreneurial ecosystem.
- Honing my teaching skills by applying evidence-based research and best practices for entrepreneurship integration to increase engagement and academic achievement in my students.

An annual subscription for EntreEd's Membership Portal is \$74.99. With this membership, I'll receive full access to the EntreEd Academy PD bundle (\$149.98 value), proprietary content from EntreEd Affiliates, discounted EntreEd Forum registration (up to \$50 in savings), and exclusive eligibility for EntreEd mini-grants for our school. The annual subscription alone currently represents a \$124.99 cost savings, with additional resources being updated to the portal regularly for continued value.

By joining the EntreEd Membership Portal, I'll learn new strategies and skills to apply innovative learning and transform the future of our students. I'm happy to share what I have learned with my colleagues to help spark new ideas. Thank you in advance for your consideration. I believe this membership will help students, team members, and myself expand our knowledge base and create a better school community.

Sincerely,
